

Ryan Jay Silva

1017 Burning Bush Pt Monument, CO • Cell: (303) 507-1840 • DSN: 333-6973 Comm: (719) 333-6973 • ryan.jay.silva@gmail.com

EDUCATION AND TRAINING

Education

2001 – 2005 **UNITED STATES AIR FORCE ACADEMY** COLORADO SPRINGS, CO
 Bachelor of Science, Electrical Engineering
 GPA: 3.44/4.0

2005 – 2007 **AIR FORCE INSTITUTE OF TECHNOLOGY** WRIGHT-PATTERSON AFB, OH
 Master of Science, Electrical Engineering
 GPA: 3.94/4.0

Training

2007	AIR AND SPACE BASIC COURSE, IN-RESIDENCE	MAXWELL AFB, AL
2007	AIR FORCE BASIC COMMUNICATIONS OFFICER TRAINING	KEESLER AFB, MS
2007	AIR FORCE ENGINEERING COMMUNICATIONS OFFICER QUALIFICATION COURSE	KEESLER AFB, MS
2008	ENTERPRISE NETWORK OPERATIONS COURSE	KEESLER AFB, MS
2008	AIR FORCE DEPLOYED COMMUNICATIONS COURSE	KEESLER AFB, MS
2012	SQUADRON OFFICER SCHOOL, IN-RESIDENCE	MAXWELL AFB, AL
2012	AIR FORCE CYBERSPACE 200 COURSE	WRIGHT-PATTERSON AFB, OH

HONORS AND DISTINCTIONS

National Level Awards

- **2013 Great Minds in STEM (GMiS) Most Promising Engineer**

Regional Level Awards

- **2013 IEEE Design Excellence Award** – First place capstone in IEEE Pikes Peak Section (Project Mentor)

USAFA Awards

- **2013 Outstanding Academy Educator**
- **2013 Engineering Division Company Grade Officer of the Quarter (Q3)**
- **2012 General Roland E. Thomas Award** – Top educator, Department of Electrical & Computer Engineering
- **2011 German Armed Forces Troop Duty Proficiency Badge, Gold Standard**
- **2010 DFEC Company Grade Officer of the Year**

Other Military Awards

- **2010 Air Force Commendation Medal** – Awarded for Outstanding Service
- **2009 Company Grade Officer of the Year, 505th Operations Group**
- **2009 Company Grade Officer of the Year, 84th Radar Evaluations Squadron**
- **2009 Joint Service Commendation Medal** – Awarded for heroism in deployed hazardous duty assignment
- **2007 Exceptional Performer, Air and Space Basic Course** – Highest accolade for #1 performance in flight
- **2007 Association of Old Crows Academic Research Excellence Award** – Top innovation, Information Security

PROFESSIONAL AFFILIATIONS

American Society of Engineering Education (ASEE), Professional Member 2011

Institute of Electrical and Electronics Engineers (IEEE), Member 2004

United States Air Force Academy Association of Graduates (USAFA AOG), Member 2001

HONOR SOCIETY MEMBERSHIPS

Tau Beta Pi – National Engineering Honor Society, Inducted 2006

Eta Kappa Nu – National Electrical Engineering Honor Society, Inducted 2006

USAFA ACTIVITIES

Falcon 50 Race Series Founder (2010 – Present)

- Created, organized and directed Falcon 50 Race Series, consisting of a 50 mile ultramarathon and various marathon-length endurance events
- Responsible for precise coordination of over 500 racers, volunteers, EMTs, rescue personnel, and staff to ensure health, wellbeing, and accomplishment for participants every year since 2010
- Cumulative Finishers: 470, of whom 88% were cadets. (84 participants finished their first marathons and 135 finished their first ultra in the 2013 race!)
- Cumulative Cadet Volunteers: 157

USAFA Marathon Team Officer-in-Charge (2010 – Present)

- Certified Newton Running Coach
- Coordinated approval, organized travel logistics, and accompanied a cumulative 1,014 cadets on 28 trips including the Boston Marathon, Marine Corps Marathon and the Leadville Trail 100-mile Ultramarathon
- Lauded by the Cadet Clubs Office for “on-point leadership and accountability” during the 2013 Boston Marathon bombings
- Wrote and staffed a package garnering Limited-On-Season (LOS) status for the Marathon Team. Only Cadet Club in 5 years to be added as a new Competitive Club!
- Marathon Team noteworthy results:
 - o 3rd place, Male Open Division Team (Marine Corps Marathon 2013)
 - o 2nd place, Male Open Division Team (Marine Corps Marathon 2012)
 - o 25th place, International Male Open/Collegiate Team (Boston Marathon 2013)
- Established Tri-Service Academy Marathon Challenge. (<http://www.usma.edu/marathon/>)
- Responsible for creating and executing high-intensity training program for 7 LOS and 21 recreational athletes
 - o Practice time requires a two-hour commitment Monday through Friday
 - o Weekend long-runs require a four-hour commitment on Saturday mornings

USAFA Triathlon Team Officer-in-Charge (2013 – Present)

- Responsible for creating and executing high-intensity training program for 16 LOS and 13 recreational athletes
- Triathlon Team results during my tenure:
 - o 7th place, USA-Tri National Collegiate Triathlon Championships

Adjunct Professor of Character and Leadership Development, Center for Character and Leadership Development (CCLD) (2013 – Present)

- MOSAIC-Certified Character Coach
- Selected by cadets and the CCLD to coach Fourth-Class Cadets in focusing and strengthening leadership virtues
- Responsible for teaching Character and Leadership 101, which is a required course for all Fourth-Class Cadets

Academy Registrar (DFR) Academic Mentor, First-Year Programs Division (2010 – Present)

- Motivational / Informational speaker. Responsible for delivering a three-hour program to all Basic Cadets about giving their all in the classroom
- Academic mentor to Fourth-Class and Third-Class cadets that DFR has identified as academically at risk
- Lauded by Dr. Hal Taylor, DFR Deputy Head, as having “a natural ebullience” and “positive attitude” that “instantly connects with cadets”

EXPERIENCE SUMMARY

2010 – Present

USAFA, CO

Advisor-In-Charge and Assistant Professor of Electrical and Computer Engineering

Plans, organizes, and directs critical electrical/computer engineering courses and oversees vital cadet research

- Coordinates student affairs for 129 engineering majors--department lead for recruiting/retaining in critical career field
- Responsible for lesson development, instruction, classroom admin, student evaluation, and lab supervision
- Department course/faculty scheduler & grades coordinator, honor liaison officer, & Marathon Team Officer In Charge
- Course Director for 4 distinct academic courses including:
 - Embedded Systems I (ECE 382)
 - Digital Design and Computer Architecture (ECE 281)
 - Principles of Air Force Electronic Systems (ECE 315, ECE 210)

2009 – 2010

HILL AIR FORCE BASE, UT

Plans and Programs Flight Commander

Led 14 military/civilian/contractors in classified and unclassified network maintenance and radar reports production

- Managed unit training of 6 career fields to support civil engineering, network ops, Freedom of Information Act requests and radar maintenance
- Directed requirements & maintenance for over \$2.5M in IT resources in four different network data domains
- Directed the quality assurance office; led the management of 6 service task orders totaling over \$2.8M annually

Feb – Jul 2009

GUANTANAMO BAY, CUBA

Department Head - Communications / Information Technology, Commissions Support Group

Led 4 member Joint Task Force Information Technology team in direct support of courtroom operations and case preparation for Military Commissions. Responsible for enforcing freedom of the press within Military Courtrooms.

- Awarded Joint Service Commendation Medal, Global War on Terrorism - Expeditionary Medal, and Air Force Expeditionary Service Ribbon with Gold Border
- Responsible for enforcing a transparent link between the Military Commissions and the public as well as ensuring the freedom of the press at the proceedings.
- Hand-selected to escort representatives from multiple Human Rights Nongovernmental Organizations to Military Commissions viewing; responsible for providing logistical support, classification resolution and event coordination

2007 – 2009

HILL AFB, UT

Command and Control Systems Operations Officer

Lead system engineer for command and control integration efforts on \$11B long-range air surveillance radars. Guided development and integration of highly specialized hardware/software radar analysis tools valued at \$8M.

- Squadron expert on radar data over Internet Protocol—responsible for command and control development and operational testing of complex systems including the deployed Battle Control Center CENTAF (BC3) and Battle Control System – Fixed (BCS-F) as well as the homeland National Capitol Region Integrated Air Defense System (NCR-IADS)
- Pioneered indigenous analysis tool in C++ to import command and control system files into radar evaluation software, thereby cutting 15 hours off each system test saving over 300 hours annually
- Identified critical loss in radar data at air defense sector; traced and supervised fix to command and control system configuration thereby restoring full monitoring to 44 Continental United States radars.

2005 – 2007

WRIGHT-PATTERSON AFB, OH

Air Force Institute of Technology Master's Student

- Competitively selected to immediately pursue a master's degree after commissioning
- Graduated with a GPA of 3.94 on a 4.0 scale; Specialties: Communications / Propagation and Information Assurance
- Thesis "Implementation and Optimization of the AES Algorithm on an 8-bit FPGA Hardware Platform"
 - Enables military-strength encryption to portable devices such as Blackberries and smart cards
 - Research submitted by Air Force for patent; awarded Air Force Invention status
 - Well versed in cryptography, finite field arithmetic, FPGA architecture and VHDL design

RESEARCH INTERESTS

Embedded Systems and Signal/Image Processing as applied to information security and medical technology

- Reconfigurable Computing and HDL design including real-time signal processing and prototyping
- Skeletal rendering

CURRENT RESEARCH

Neumimic: Grant-commissioned need for an affordable in-home occupational therapy system for stroke/traumatic brain injury victims. We utilize an inexpensive 3D motion capturing sensor and self-written image processing software for human rendering. Group has been successful in developing a system that is 99.85% cheaper than its closest competitor. Currently have 3 US Patents pending including one for a novel skeletal image reconstruction technique. Research featured in the Huffington Post!

COMPUTER SKILLS

OS: Linux (Debian, Ubuntu, Arch / bash), Windows (advanced user level), OSX (Unix)

Programming: Deep knowledge of VHDL, Verilog, LaTeX, Python, Matlab, S12 assembly, MIPS assembly, x86 assembly
Experience with SystemVerilog, C#, C++, Handel-C, SystemC

Tools: Vim, GCC, Xilinx ISE, Aldec Active HDL

PUBLICATIONS

R. J. Silva, "Implementation and Optimization of the Advanced Encryption Standard Algorithm using an 8-bit Datapath", Defense Technical Information Center, March 2007.

M. L. Roberts, R.J. Silva, R. Deppensmith "Observations from First-Year Instructors: What We Wish We Knew Before We Began", American Society for Engineering Education, 2012

PATENTS

Advanced Encryption Standard Method Limited to an 8-Bit Datapath

Pending

Process for Skeletal Rendering with Depth Points

Method for Real-Time Evaluation of Rendered Skeletal Markers against Recorded Data

Customizable Brace-Free Occupational Therapy Device

PERSONAL INFORMATION

- Devoted outdoor enthusiast – favorite activities include: rock climbing, skiing, but mostly running.

PERSONAL BESTS:

MARATHON:	2013 BOSTON MARATHON	2:47.15
50K:	2009 MOAB RED HOT 55K	6:04.51
50 MILE:	2012 LEADVILLE SILVER RUSH 50	8:59.09
100 MILE:	2011 ANTELOPE ISLAND BUFFALO RUN 100	22:02.04
TOUGHEST RUN:	2013 LEADVILLE TRAIL 100	26:16.57

TEACHING EXPERIENCE

2012 - PRESENT ASSISTANT PROFESSOR (2012) OF ELECTRICAL AND COMPUTER ENGINEERING

2013 - PRESENT ADJUNCT PROFESSOR OF CHARACTER AND LEADERSHIP DEVELOPMENT

COURSES DIRECTED:

- ECE 382	EMBEDDED SYSTEMS I
- ECE 315	PRINCIPLES OF AIR FORCE ELECTRONIC SYSTEMS
- ECE 281	DIGITAL DESIGN AND COMPUTER ARCHITECTURE
- ECE 210	PRINCIPLES OF AIR FORCE ELECTRONIC SYSTEMS
- SUMMER SEMINAR WORKSHOP 12	INTRODUCTION TO DIGITAL SYSTEM DESIGN
- SUMMER SEMINAR WORKSHOP 11	GETTING STARTED IN ELECTRONICS

COURSES TAUGHT:

- CHARACTER & LEADERSHIP 101	FOUNDATIONS OF HONORABLE LIVING, CCLD
- ENGR 101	INTRODUCTION TO AIR FORCE ENGINEERING, DFCE
- ECE 463	CAPSTONE DESIGN PROJECT I (MENTOR)
- ECE 464	CAPSTONE DESIGN PROJECT II (MENTOR)
